

Education

- **Medi-Caps University, Indore** *Bachelors of Technology* Aug 2019 - Present
Bachelors of Technology - Computer Science Engineering - 8.8 CGPA
- **Jai Academy, Jhansi** Apr 2018 - Mar 2019
Higher Secondary - Physics Chemistry Math - 73.6%

Experience

Principal Global Services - Software Developer Intern Jan 2023 - April 2023

- I have worked on **React.js, Spring, MySql, ChakraUI**.
- Day-to-day work includes learning new concepts of react and spring and implementing them in a Hotel Management System

The Sparks Foundation - Web Developer Intern July 2021 - Aug 2021

- I have worked on **HTML/CSS, JAVASCRIPT, MYSQL, PHP, GIT**.
- Day-to-day work includes writing javascript & PHP code.

Skills

Programming Languages - C, C++, Java, Python.

Web Development - HTML/CSS, JavaScript, PHP.

Database - MySQL, MongoDB.

Framework & Libraries - MERN Stack, React Native, Next.js, Three.js(Basic), Chakra-UI, MUI, Bootstrap, Spring.

Familiar - Machine Learning, Cloud security.

Subjective - Data Structures & Algorithm, Database Management, OOPs

Projects

I have worked on several projects, some of the most noteworthy ones are listed below:

1. **Chatting Web:** A user-friendly chatting platform created using **MERN Stack, Chakra-UI, and Socket.io**. Users can effortlessly log in, sign up, and engage in real-time conversations. Additional features include adding friends, profile picture customization, and creating/editing chat groups.
2. **Airbnb Clone:** A clone of airbnb website using **next.js, prisma orm, nextAuth** and some other react libraries.
3. **Pharmacy store manager:** A responsive web app one can use to manage a pharma shop. It can be use to create sales bill/record, purchase order, it has a list of over 30000+ medicines, it can also maintain stock and as well as the ledger of the shop. Some other features include login/signUp, different roles of user, jwt and bcrypt security.
4. **My Portfolio Website:** Built a fully responsive portfolio website using **React.js and Chakra-UI**. The website showcases my professional work and enables visitors to easily connect with me. Leveraged various JavaScript libraries to enhance visual appeal and user experience.

Apart from these, I have also worked on other interesting projects such as [resume maker](#), [\(basic\) Minecraft](#), [a hotel management system](#) during my internship at Principal Global and some other basic projects like [todo](#), [weather app](#), [image editor](#) etc.

I believe that these projects showcase my skills and expertise and demonstrate my ability to work with different technologies.

Achievements

- College Rank: 33, Graduation Year Rank [All India]: 342, National Rank : 8650 in CodeKaze by Coding Ninjas
- Solved 500+ coding questions from different platforms.
- Got 92.6 percentile in JEE Mains.
